*Helping You Navigate Medicare and Health Insurance Confidently
With Steve & Cindy Gordon*

Mid-Year Check in

As we move through the year, Cindy and I just want to give you a quick reminder to make sure your Medicare coverage is still working the way you want it to. Plans shift more than people realize, and a tiny change in benefits or drug costs can make a real difference.

A quick check in can keep everything running smoothly. If you've had any new prescriptions, new doctors, or you just want to be sure you're getting the most out of your plan—we're always happy to take a look and make sure you're set up for success.

Most importantly, we want you to know we're here for you. Whenever something comes up or you just want a second opinion, Cindy and I are only a call or email away. We love helping you stay ahead and feel confident about your coverage.

Introducing Rena

We are growing, and it felt like the right time to bring in a little extra help. We are so happy to introduce Rena, who will be supporting us behind the scenes as she studies for her license. She will also occasionally help on the phones during busy times.

Rena has a naturally warm and caring personality, along with a strong background in taking great care of people, and we know you will feel that the moment you speak with her. We are truly grateful to have her as part of our team and look forward to you getting to know her.

International Travel Coverage Reminder

Many clients are traveling internationally, so here's a quick reminder about how Medicare works outside the U.S.

Medicare Advantage (MA) Plans

- *Emergency and urgent care covered worldwide* • *Routine care and elective procedures are not covered abroad*

Original Medicare + Medigap

- *\$250 deductible* • *Plan pays 80% after deductible* • *Emergency and urgent care only*
- *Lifetime maximum benefit of \$50,000* • *No routine or non-emergency coverage outside the U.S.*

Why We Recommend Travel Insurance

Medicare coverage has gaps overseas. Travel medical insurance can help by providing:

- *Medical evacuation coverage* • *Direct hospital billing abroad to reduce out-of-pocket costs*

Coverage Options

- *Single-trip coverage* • *Annual multi-trip coverage for frequent travelers*

On a Personal Note ...

Kai is heading home for the summer, and we are ecstatic! Our house will feel whole again. We are looking forward to having him working alongside us again, and we know our dogs are counting down the days until they get their favorite human back home too.
